EXPERIENCE

Digital Experience and Enablement, Utah Valley University, Orem, UT Student Business Intelligence Analyst

January 2025 - Present

- Analyze operational and business data to build dashboards, reports, and visualizations that support decision-making and improve team performance.
- Collect, clean, and interpret data from multiple sources to identify trends, measure key metrics, and provide actionable insights for digital experience initiatives.

Proofpoint, Draper, UT IT Intern

May 2024 – December 2025

- Successfully initiated data analytics projects in Power BI, creating interactive dashboards to improve decision-making and operational insights.
- Quickly adapt to new technologies and software, staying up to date with the latest trends to optimize IT operations.
- Provide comprehensive user support, troubleshooting technical issues, and delivering guidance on software usage to ensure a seamless experience for all stakeholders.

College of Engineering and Technology, Utah Valley University, Orem, UT Information Systems and Technology Department Representative

August 2023 – April 2024

- Developed effective communication strategies, simplifying complex concepts through clear verbal and written communication channels.
- Launched student feedback initiatives, addressing concerns to enhance academic experiences and increasing student and faculty satisfaction.

Student Computer Labs, Utah Valley University, Orem, UT Student Lab Assistant

January 2023 – August 2023

- Managed daily lab operations, ensuring equipment functionality and software availability to support academic success.
- Delivered one-on-one support to students, resolving technical challenges efficiently and fostering a user-friendly environment.
